

Perfect

Guster

Played follow the leader
Keeping my steps in time
Counting on the wonder ahead
I leave the pain behindIts on me, its all mine
Go away theyre my mistakes
Theyre not your problemPinned down in this heaven
Ill die a thousand times
Aware of the damage ahead
Ill leave the pain behindAnother day, a perfect day
A twinge of pain the sting of the needle
Starin' at the walls provide
A brilliant sight through eyes of the needleSo warm at the bottom
Warm never felt so kind
And for a moment or two
I leave it all behindIt's on me, it's all mine
Go away, they're my mistake
And not your problemBlack dog white picket fences
Mow them down and dance in the rip tide
Face down in consequences
Crack me up and stay on your own sideAnother day, a perfect day
A twinge of pain, the sting of the needle
Starin' at the walls provide
A brilliant sight through eyes of the needleI wish I may, I wish I might
I pray my soul to keep tonight
When all the walls start staring back
A perfect day sting for the last time
