

He's Coming Back

Hunx & His Punx

I told you to watch out.
I told you better get outta town.
I told you to leave me alone.
I told you my boyfriend was coming home.'Cause he's coming back
Yeah my boyfriend is coming back
'Cause he's coming back
Yeah my boyfriend is coming back You're the one I think of...
I wish you'd come home and give me some love. These guys won't leave me alone.
I wonder when are you coming home? He's coming back
Yeah my boyfriend is coming back
'Cause he's coming back
Yeah my boyfriend is coming back 'Cause's coming back
Yeah my boyfriend is coming back
He's coming back
Yeah my boyfriend is coming back I wasn't lying when I told you he was coming back.
And he is a real big guy so you had better watch your back. You better watch your back
Yeah my boyfriend is coming back
