

March of Progress

Viet Cong

Lately, there's a wound that needs some healing
Soon, before the infection can set in
Slowly, this repulsion leads to nausea
And fear for these old forgotten halls
Maybe you just need someone to keep you warm
With fire coming from the different sun
Your reputation is preceding you
We're all sufficiently impressed
And this incessant march of progress
Can guarantee our sure success
We've played [?] with give and take
We've built the buildings and led them to break
Tell me, tell me, tell her too, but tell it straight
What is the difference between love and hate?
We've played [?] with give and take
We've built the buildings and led them to break
Tell me, tell me, tell her too, but tell it straight
What is the difference between love and hate?
We've played [?] with give and take
We've built the buildings and led them to break
Tell me, tell me, tell her too, but tell it straight
What is the difference between love and hate?
