

Time Again

Tyrnaround

Fate looks certain but there nothing's guaranteed
Want for nothing, but is nothing what you need
Always pushing though you're never satisfied
I did believe you 'til I found out that you lied
Time and time again
Time and time again, again
What I give you I get nothing in return
Can't forgive you watching all your bridges burn
All day long I sat and watched you do it wrong
Have to say that's how you did it all along

Time and time again
Time and time again, again
But others wouldn't the things that you could only see
And then someone showed you, then why was it always me?
You knew the limit you were always out of bounds
How could I trust you when I caught you messing 'round?
Time and time again
Time and time again, again
