Please Naman

Lea Salonga

(b. escasa/b. palisoc)Ohh ahh...
Everytime I'm alone, I think of you
Seconds seem like hours
I still miss you
Pag-ibig ko'y ikaw kahit nagkalayo
In other words, I'm still in love with youEverytime I recall the thoughts of you
Memories of laughter, we have gone through
Paano lilimutin ang lahat na ito?
In other words, I'm still in love with youOh, please naman
Oh, please naman
Won't you give a chance
To mend this broken heart
Oh, please naman
Oh, please naman
Come back to me
And help me understandEverytime I recall the thoughts of you
Memories of laughter, we have gone through
Paano lilimutin ang lahat na ito?
In other words, I'm still in love with youOh, please naman
Oh, please naman
Won't you give a chance
To mend this broken heart
Oh, please naman
Oh, please naman
Come back to me
And help me understandSa gabi, naaalala ka
Is there a way I can make you stay?
I need your love, now that you're far away
I'll wait for you, forever more.Oh, please naman
Oh, please naman
Won't you give a chance
To mend this broken heart
Oh, please naman
Oh, please naman
Come back to me
And help me understandCome back to me
And help me understand
