One Who Overcomes

Phil Wickham

When we were trapped within our sin
When we trusted ourselves
When we were blinded by our shame and guilt
OverwhelmedWhen we were searching for our worth
You died and gave yourself
You rose and brought a hope so real
And we're overwhelmedWe sing to the One who overcomes
To the One who saves us from our sin
And heals what's broken
Sing to the One who rescues all
We will trust a love so perfectly
Complete in HimWe live within a world that fails
With pain we can't control
You sustain us with a love that knows
And we're overwhelmedWe sing to the One who overcomes
To the One who saves us from our sin
And heals what's broken
Sing to the One who rescues all
We will trust a love so perfectly
Complete in HimWe sing for the rescue He's brought us
We sing for the kingdom right here
We sing for the hope in redemption
He has overcome, He has overcomeWe sing to the One who overcomes
To the One who saves us from our sin
And He heals what's broken
Sing to the One who rescues all
We will trust a love so perfectly
Complete in HimHe has overcome, He has overcome
He has overcome, He has overcome
