

Tortured & The Tears

Alvarez Kings

One broken heart in two opposite directions
A curse of the heart what was bound always falls apart
A gentle smile
A subtle kiss
For what it's worth I'll always miss
The torture, the tears
The terrifying dramatic endings
The pain you disguise, not a mirror
But an open window
The strings to your heart echo chords in a minor key
A gentle smile
A subtle kiss
For what it's worth I'll always miss
The torture, the tears
The terrifying dramatic endings
You with those eyes
Illuminate and light up the sky
Illuminate and light up the sky
Illuminate and light up the sky
A gentle smile
A subtle kiss
For what it's worth I'll always miss
The torture, the tears
The terrifying dramatic endings
The torture, the tears
The terrifying dramatic endings
A gentle smile
A subtle kiss
For what it's worth I'll always miss
The torture, the tears
The terrifying dramatic endings
The torture, the tears
The terrifying dramatic endings
The torture, the tears
The terrifying dramatic endings
The torture, the tears
The terrifying dramatic endings
The torture, the tears
The terrifying dramatic endings
The torture, the tears
The terrifying dramatic endings
