

Undone

Rotersand

You know we're going to fight until our fire's turning cold
I know you would never try to see it's not my fault

It's come too far to be undone
It's always been just hit and run
I guess it's true, I'm finally lost
A piece of garbage turned and tossed

There's no more time to show concern
We've crossed the point of no return
I guess it's true, I'm on my own
A soul that's frightened to the bones

You know I'll never find the words to sing your melody
I know there's no way that you could walk to follow me

It's come too far
