

Hurricane

Cover Drive

Oh oh oh oh oh oh oh oh...

Lately I don't feel this enough,
I stand still
Waiting for the wind to pick up,
There's no thrill
Your love is like a clear blue sky,
But I want thunder and lightning in my life

Put a smile on my face,
Your time is running out,
Listen up when I say

Love me like a hurricane,
Baby take my breath away
Shake my world and make it sway
Love me like, la-like
Love me like a hurricane,
Sweep me off my feet babe,
Spin me into disarray.
Love me like, la-like

Take me by storm, oh oh oh
Take me by storm, oh oh oh

Take me for a run in the rain, oh baby,
Open up your heart let it in, and maybe,
You'll see that love is so much more,
And I don't need perfect, no I'm getting bored

Put a smile on my face,
Your time is running out,
Listen up when I say

Love me like a hurricane,
Baby take my breath away
Shake my world and make it sway
Love me like, la-like
Love me like a hurricane,
Sweep me off my feet babe,

Spin me into disarray.
Love me like, la-like

Take me by storm, oh oh oh
Take me by storm, oh oh oh

I wanna feel your heart beat with desire
Like a tornado I lift you up,
Spin you around girl I'm taking you higher
Straight for the sky I will take you up
(Oh oh)
Gal put your hands up,
(Oh oh)
Enjoy the ride,
(Oh oh)
I'll be your commander
(Oh oh)

Love me like a hurricane,
Baby take my breath away
Shake my world and make it sway
Love me like, la-like
Love me like a hurricane,
Sweep me off my feet babe,
Spin me into disarray.
Love me like, la-like

Love me like a hurricane,
Baby take my breath away
Shake my world and make it sway
Love me like, la-like
Love me like a hurricane,
Sweep me off my feet babe,
Spin me into disarray.
Love me like, la-like

Take me by storm, oh oh oh
Take me by storm, oh oh oh
Take me by storm, oh oh oh
Take me by storm, oh oh oh
