Nintendo (feat. April Efff)

Joe Bermudez

It's been a long day, come home late, feel a little risque
Trying to tear you away, losing to a video game
I just can't believe that Pacman and Megaman
Hit me with the backhand. Damn!!!!Why do you always go soft unless you see Laura Croft
Do I have to dress like Chun Li for you to give it to me?
Or how bout Sonya Blade, do it old skool like arcade
Up Down, A B B A, push my buttons, whatcha say?Everybody's always telling me I'm outta my mind
They can't imagine that you will ever be mine
I'll wait until eternity because I want you to be eh eh eh eh
My Final Fantasy...Ohhhh play me like a Nintendo
You won my heart baby
I wanna play baby
Ohhhh Play me like a Nintendo
Pa-pa-play me
Pa-pa-play me
Ohhh play me like a Nintendo
You won my heart baby
The only one baby
Ohhhh play me like a Nintendo
Pa-pa-play meOO! I'll be your Princess Peach, give you just a little peek
This time I won't accept defeat I'll save you from the tv screen
Take control and work your joystick like never before
I'm trying to raise the score and add 5 to your 64Everybody's always telling me I'm outta my mind
They can't imagine that you will ever be mine
I'll wait until eternity because I want you to be eh eh eh eh
My Final Fantasy...Ohhhh play me like a Nintendo
You won my heart baby
I wanna play baby
Ohhhh Play me like a Nintendo
Pa-pa-play me
Pa-pa-play me
Ohhh play me like a Nintendo
You won my heart baby
The only one baby
Ohhhh play me like a Nintendo
Pa-pa-play me
Pa-pa-play meFrom the start I fell under your spell
You got my heart
Caught it like a red shell

Take me to take me to another levelOhhhh play me like a Nintendo
You won my heart baby
I wanna play baby
Ohhhh Play me like a Nintendo
Pa-pa-play me
Pa-pa-play me
Ohhh play me like a Nintendo
You won my heart baby
The only one baby
Ohhhh play me like a Nintendo
Pa-pa-play me like a game boyNintendo
