Rocket Fuel

Todd Snider

Rocket fuel, rocket fuel
Buddy, I'm runnn on a rocket fuel
I'm flyin high and feelin cool
Buddy, I'm runningMy mom works, my dads gone
So, I skip school here all day long
Burn my brains out singin this song
Doors wide open with the TV onRocket fuel, rocket fuel
One more shot of that rocket fuel
I dont need work, I dont need school
I'm running like a rocket2, 3, 4, 5
Down the road, way out there
No one waits because no one cares
Let me if I [Incomprehensible] corporate stairs
I'm gonna get my kicks while I still dont careRocket fuel, rocket fuel
One more shot of that rocket fuel
I dont need work, I dont need school
I'm running like a rocketRock and roll, rock and roll
You dont care if I sell my soul
But you move me like a holy roll
Running on a rocket fuelRocket fuel, rocket fuel
One more shot of that rocket fuel
I dont need work, I dont need school
I'm running like a rocket
Well, I'm running like a rocketI said look out mama
'Cause I'm running like a rocket
I said look out people
I am running like a rocket
Yes, I'm running
