Hands Up In the Air

The Happy Crowd

Ooh baby, it's all about a party, yeah
An' you wanna get, really wanna get down tonight, down tonight
Yeah, come on, baby
Lemme see those hands up in the air, yeah
Lemme see you bounce tonight
Tonight it's all about a party
Dressin' up to try impress somebody
Hopin' to find yourself a fly shorty
And somebody oh, so beautiful, so right
If you're still feelin' unsure
Then make your way all up onto the dance floor
You should be shakin', what you got that's what you came for
So shut the back door
'Cause no one's trippin', just keep playin' that song
Let me see those hands up in the air
All my fellas bouncin' in the club, let me hear you say, "Yeah"
No, I know, it's nothin' new to raise the roof with your crew
But you can bring it down if you want to
Let me see those hands up in the air
All my ladies shakin' what you got, let me hear you say, "Yeah"
If you wanna jump around, believe that now's the time to get down
Movin' to the crazy sound, I know it feels good to you
You're gonna see a hot girl, a rock girl, lookin' kinda fly
And she knows it very well, kind that you'd be callin' on your cell
Fallin' underneath her spell, so addictive baby, can't you tell?
You need a hot boy, top boy looking kinda fly
Type that makes you feel weak at the knees
Now, if it's for real girl then just let it show
While the beat moves your body, mind and soul
Let me see those hands up in the air
All my fellas bouncin' in the club, let me hear you say, "Yeah"
No, I know, it's nothin' new to raise the roof with your crew
But you can bring it down if you want to
Let me see those hands up in the air
All my ladies shakin' what you got, let me hear you say, "Yeah"
If you wanna jump around, believe that now's the time to get down
Movin' to the crazy sound, I know it feels good to you
What you gonna do
Fool now baby, I gotta just break it on down, yeah, yeah

This one goes out to all my fellas, all my ladies, oh yeah
Now, I know it's kinda easy to raise the roof with your crew, yeah
Alright ooh, but I know it ain't that easy to bring the whole thing down
Let me see those hands up in the air
All my fellas bouncin' in the club, let me hear you say, "Yeah"
No, I know, it's nothin' new to raise the roof with your crew
But you can bring it down if you want to
Let me see those hands up in the air
All my ladies shakin' what you got, let me hear you say, "Yeah"
If you wanna jump around, believe that now's the time to get down
Movin' to the crazy sound, I know it feels good to you
What you gonna do
Let me see those hands up in the air
All my fellas bouncin' in the club, let me hear you say, "Yeah"
No, I know, it's nothin' new to raise the roof with your crew
But you can bring it down if you want to
Let me see those hands up in the air
All my ladies shakin' what you got, let me hear you say, "Yeah"
If you wanna jump around, believe that now's the time to get down
Movin' to the crazy sound, I know it feels good to you
What you gonna do
