

# Fool

## MariÃ© Digby

Its 3 am as I stumble over to my bed  
Got a funny premonition that tomorrow's gonna be the same  
But all I remember  
Is how we think I heard you call my name  
And your open invitation to come over for a drink or two

But when you do well  
The true intentions of your secret smile  
I couldn't stop  
I couldn't tell you no  
I hate to say I'm giving in to you

[Chorus]  
I wake up next to you  
Oh we're through with it  
I fell in love with a fool  
And I know I'm not the only one  
You lead your trap beneath the obvious  
Until some good girl pulls through  
It's true, I'm not the only one  
To fall in love with a fool  
I fell in love with a fool

At the end of the hall  
In room number 804  
There was the devil himself and his dark kept secret hell  
And curiosity grew with every single following day  
And I was dreaming, dreaming that you're here with me  
I hate to say I'm giving in to you

[Chorus]

I tell the truth you find it fun to play another  
But can't you see that I am only falling further  
And tell me why you even took the time to bother  
I always knew that you would only bring me trouble  
And the way I move I think that I am seeing double  
I know you know you will only cause me sorrow

[x2]

I fell in love with a fool
