Left That Body Long Ago

Amy Macdonald

Oh my dance is getting slower now cause my years they're getting older now
And my eyes, they won't cry, my tears have all run dry
And my memory doesn't get me very far
I can't remember my name or exactly who you are
And I don't know why, no I don't know why
Will you please believe I'm not the person you see
I left that body long ago, I left it way back there
Will you please believe, given all that you see
I left that body long ago but somehow nobody knows

So goodbye, you were my world and my life
And I don't know why you've lost your mother, lost your wife
But there's more, something more than meets the eye
This is not the end, this is only goodbye
Will you please believe I'm not the person you see
I left that body long ago, I left it way back there
Now I'm free, I'm as happy as can be
I just wanted you to know that I left that body long ago
So long ago
