I Think She Likes Me

Jesse Mccartney

International bachelor on the hills
see the house, see the car, check the watch I'm for real
Jump up in my ride, baby kick of your heels
You can fix your make-up on the way, baby chill chill
and now she's kissin' on me, got me so high
she said she really like me
'cause I'm a nice guy guy guy guy
(Jesse)
I took her down to the beach for the weekend
we hit the Malibu shops and the drive-in
I bought her all the fancy things that she wanted
I think she like me
Naah she like my money
Oohoo
(Girl)
He took me down to the beach for the weekend
I made him buy me everything that I wanted
He's feeling lucky, I'mma let him keep dreamin'
He thinks I like 'em, huh - I like his money
I know she's the one, 'cause she laughs at my jokes
gonna take her home, introduce her to my folks (hey mom)
she's a classy girl, but a freak on the low
and I know she'll never leave me even if I went broke
and even though I got it, even though I'm fly
she knows what really matters
is on the inside side side side
(Jesse)
I took her down to the beach for the weekend
we hit the Malibu shops and the drive-in
I bought her all the fancy things that she wanted
I think she like me
Naah she like my money
Oohoo
(Girl)

He took me down to the beach for the weekend
I made him buy me everything that I wanted
He's feeling lucky, I'mma let him keep dreamin'
He thinks I like 'em, huh - I like his money

(Jesse)
You know me, humble guy
I could be the one that change your life
Play no games, tell no lies
You could be the one that's by my side
(Girl)
I like that, yeah that's cool
First I'm gonna need them keys to the coupe
(Jesse:) I love you girl
I know you do
But me and my girls got things to do
Do do do do do dododo...
(Jesse:) like what?
(Girl)
He took me down to the beach for the weekend
I made him buy me everything that I wanted
He's feeling lucky, I'mma let him keep dreamin'
He thinks I like 'em, I like his money
(Jesse)
I took her down to the beach for the weekend
we hit the malibu shops and the drive-in
I bought her all the fancy things that she wanted
I think she liked me
Naah she like my money
