

# Hunting Happiness

W. Darling

Beautiful lights shine like champions  
But I find the fault in the stars  
Cause I'm so caught up hunting happiness  
That I cannot see it's hunting me  
The moment I start feeling comfortable  
I hear a voice in my head "fast cars paint guides on the pavement" and say "don't look back, find greener  
grass"  
The road to paradise is easy to pass  
And you'll never see the sign if you're moving too fast  
I'm so caught up hunting happiness  
I move so quickly that it can't catch me  
Ooohhh x2 Show me a shot of a miracle  
And I'll find the dirt on the frame  
It's easier chasing a fantasy than trusting your heart  
won't rip mine apart  
The road to paradise is easy to pass  
And you'll never see the sign if you're moving too fast  
I'm so caught up hunting happiness  
I move so quickly that it can't catch me  
Ooohhh x4 If I could stay still  
Just for a minute I'd find myself in it  
If I could see clear and count all my blessings instead of the seconds  
Ooohh The road to paradise is easy to pass  
And you'll never see the sign if you're moving to fast  
Oh I'm so caught up hunting happiness  
I move so quickly that it can't catch me  
Ooohhh x4
