Me And The Moon

The Drums

Darling, you can be so unforgiving,
You can be so unloving,
You can be misunderstanding,
But i don't know how to feel without your love...So tell me what to do do do do dodododo do doIt's a lovely night with the moon in the sky-e-ohIt's a lovely night with that look in your eye-e-ohBut you still sleep with your back to me.
Is it me and you?
Or is it me and the moon?Oh baby, I thought that you forgave me,
I thought that you still loved me,
Don't you need me?...I want it forever, (X 16)It's a lovely night with the moon in the sky-e-ohIt's a lovely night with that look in your eye-e-ohBut you still sleep with your back to me.
Is it me and you?
Or is it me and the moon?
