Troublesome

Copperview

Take your filthy handshake
Take your little words that fail to make much sense
Put your money where your mouth is
With your over confidence
I'm tired of your bullshit now
I got plenty of my own
So troublesome but your time will come
Keep it all from everyoneI don't need a reason no
And you don't have a rhyme
I'm tired of these feelings and your oh-so-perfect time
So come at me with all you got
And when you lose forget me not
Well it's troublesome but your time is come
Keep it all from everyoneWake up
Ready for the fallout
Too late you're looking for a handout
It's troublesome I know to live within your Liars Show
Wake up
Ready for the fallout
Too late you're looking for a handout
It's troublesome I know to live within your Liars ShowTell me what you're thinking now
Just tell me what you need
An awful lot of arrogance and bullshit up your sleeve
I'll tell you once
I'll tell you again
You can come at me but you'll never win
It's troublesome but your time will come
Keep it all from everyoneI don't have a reason why you do the things you do
And I don't think you understand the hate I hold for you
So come at me and take your shot
It's my advice bring all you got
Cause it's troublesome but your time has come
Just keep it all from everyoneWake up
Ready for the fallout
Too late
You're looking for a handout
It's troublesome I know to live within your liars showWake up
Ready for the fallout
Too late you're looking for a handout

It's troublesome I know to live within your Liars Show (x2)
