Energize Me

After Forever

Energize me with a simple touch
Or with an open heart
Energize me, fire up this flame
That's burning between usIt's not a fantasy, another mystery
It's just what I can feel
It's something I can see
It's like a memory, an inner melody
It's just what we all know and we all hearI was blind
I was closed down
Could not feel or set it freeEnergize me with a simple touch
Or with an open heart
Energize me, fire up this flame
That's burning between usIt lies in everyone, this whirling energy
It's all around us too, electrifying you
So dare to set it free
The virtue is the key to something
We all know and we all useI can feel, it's inside me
Open up, enlighten meEnergize me with a simple touch
Or with an open heart
Energize me, fire up this flame
That's burning between usEnergize me with a simple smile
Open up your mind
Energize me, activate the light
That's given and takenCan you believe in the power
That's burning between us?
Would you believe if you open
Up your mind, open up your heart?Energize me with a simple touch
Or with an open heart
Energize me, fire up this flame
That's burning between usEnergize me with a simple smile
Open up your mind
Energize me, fire up this flame
That's burning forever
