## **Energize Me**

## **After Forever**

Energize me with a simple touch

Or with an open heart

Energize me, fire up this flame

That's burning between usIt's not a fantasy, another mystery

It's just what I can feel

It's something I can see

It's like a memory, an inner melody

It's just what we all know and we all hearI was blind

I was closed down

Could not feel or set it freeEnergize me with a simple touch

Or with an open heart

Energize me, fire up this flame

That's burning between usIt lies in everyone, this whirling energy

It's all around us too, electrifying you

So dare to set it free

The virtue is the key to something

We all know and we all useI can feel, it's inside me

Open up, enlighten meEnergize me with a simple touch

Or with an open heart

Energize me, fire up this flame

That's burning between usEnergize me with a simple smile

Open up your mind

Energize me, activate the light

That's given and takenCan you believe in the power

That's burning between us?

Would you believe if you open

Up your mind, open up your heart? Energize me with a simple touch

Or with an open heart

Energize me, fire up this flame

That's burning between usEnergize me with a simple smile

Open up your mind

Energize me, fire up this flame

That's burning forever
