

# Street Waves

## Pere Ubu

I ride a street wave right by her side  
And I can hear the city city comin' round  
The things I say hit the air and seem to fall apart  
And I can see the faces faces fallin' down  
And then I'm  
Gone  
Gone  
Gone by her heart I get a picture of what it'll be like  
I turn the channel round to Channel 43  
I see electricity jump and spark  
I see electricity uh real and stark  
And then I'm  
Gone  
Gone  
Gone by her heart I ride a street wave right by her side  
And I can hear the city city comin' round  
The things I say hit the air and seem to fall apart  
And I can see the faces faces fallin' down  
And then I'm  
Gone  
Gone  
Gone by her heart  
And then I'm  
Gone  
Gone  
Gone by her heart
