We Are In Love

Shannon Hurley

Morning seems to come for us too soon
Spills in sunshine when the day is new
When itâ€™s time to open up my eyes
I am glad to see you by my side
So beautiful
You are the sweetest song I know
Just like a melody
Anyone can see
We are in love.

Summer, Spring and Winter disappear
Seasons blend together through the years
But when the Autumn breezes start to blow
Youâ€™ll be there to keep me warm I know
So beautiful
You are the sweetest song I know
Just like a melody
Anyone can see
We are in love.
