Ghosts

Laura Welsh

Bones shake, it's lonely, it's late
Footsteps echo, glimmers of hate.
Howling candles are blowing a sound,
What can I tell you, it's all going down.There's a sadness deep down in my soul, hard times just won't let me go.
And I need you to help me through, I can't lay these ghosts to rest.
And though I'm scared and it's dark, Ohh I know it's all a mess.
They're faceless and headstrong, I got them staring back at me,
But my will is still strong, I won't let them take me in,I won't let me take me in.
Angels crying, lost in shame, Demons laughing, playing the game.
And there's a sadness deep down in my soul, hard times just won't let me go
I need you to help me through, I can't lay these ghosts to rest.
Though i'm scared and it's dark, Ohh I know it's all a mess.They're faceless and headstrong, I've got them staring back at me
But my will, it's still strong, I won't let them take me in.
The days roll on from dusk til dawn, for all time, for all time
My faith has grown, the seeds we've sewn, we're all right, all right.
There's a sadness deep down in my soulAnd i need you to help me through, I can't lay these ghosts to rest.
Though i'm scared and it's dark, Ohh I know it's all a mess
They're faceless and headstrong, I've got them staring back at me,
But my will is still strong, I won't let them take me in.
