# Highways

## Deepside Deejays

Well, I've been searching uphill down and around and 'round
Life's lonely highway
Just traveling 'round, nothing to be found
Now I know, yes I know that leaving you was wrongSo I'm coming on home, won't be long
Now if I bring you back the love I had
Would you see it throughWell, I've been searching uphill down and around and 'round
Life's lonely highway
Just traveling 'round, nothing to be found
Now I know, yes I know that leaving you was wrongSo I'm coming on home baby, won't be long
If I bring you back the love I had
Would you see it through
