

# Glorious Surrender

## NLC Worship

When the fear comes like a siege against my heart  
When I fight on though my confidence is lost  
Spirit, raise me up like rising of the sun  
To the mountain of Jesus Christ's unfailing love

When the darkness says I'm worthless and alone  
Holy Spirit, You remind me of the One  
Who in fearless strength paid it all upon the cross  
By His reckless grace, I am reconciled to God

Let your light shatter the darkness  
Jesus Christ, shine through my weakness  
All my fear bows to Your splendor  
In glorious surrender  
As Your grace conquers the tempest  
I find strength here in Your presence  
All I am runs to Your splendor  
In glorious surrender

In the battle, though I'm pressed on every side  
I will stand tall, for The Lord is on my side  
I can overcome, conquer anything with Christ  
For I once was dead, now in Jesus I'm alive

When I walk through the valley  
Oh, I will not fear  
For I know You are with me  
Lord, I know You're here  
When I walk through the fire  
Oh, I won't be burned  
I will rise from the trial  
Lord, in Your great love
