

# Freak Out

## Wintersleep

Am I unreliable?  
I'm not burning fast enough  
You can watch out of the game  
Can we see its fails You would freak out  
I was part again  
I was enlisted  
Every clock you would freakin' out  
Girl caught in the mirror  
I was sick of love  
How am I feelin'?  
Hooohooohoo  
And there's thousands of ghosts  
And there's millions of tears I can host  
There's no walking of hunger  
For a drink to surrender You would freak out  
I was part again  
I was enlisted  
Every clock you would freakin' out  
Girl caught in the mirror  
I was sick of love  
How am I feelin'? Oh my darling  
Dies have turned the wind  
I believe you  
Will I  
Down in the [?]  
Everything  
You would freak out  
I was part again  
I was enlisted  
Every clock you would freakin' out  
Girl caught in the mirror  
I was sick of love  
How am I feelin'?  
Hooohooohoo
