All We Have Is Time

David O'Dowda

Open your eyes
lie on the grass
Feet off the stars
and still as a stone
And still as a stone

Turn out the lights
Switch off your phone
Follow the sights
Follow me home
Reach for the things you like
And I'll go on
All we have is time

Painting the dance
Risking the smile
Over the edge
Under the sky
I wish you were mine

Turn out the lights, switch off your phone
Follow the sights, follow me home
Reach for the things you like
And I'll go on, all we have is time
