

Sure Feels Good To Me

Warrant

Well Suize, oh Suzie come on and let me in
There's love in the air, love on my mind
Love in the pores of my skin
I worked real hard, all week long
Kept on singin' the same damn song
It's one for the money two for the show
Paid on friday and I'm ready to go And if I'm wrong or if I'm right
I don't give a damn tonight
You bring out the worst in me
Huh, 'cuz you might be bad
But sure feels good
It sure feels good to me You think I'm outrageous
You think I'm insane
But everything I'm doing tonight
I'm doing it screaming your name
Suzie, oh Suzie open up the door
We won't be able to walk tomorrow
So we might as well do it some more And if I'm wrong or if I'm right
I don't give a damn tonight
You bring out the worst in me
Huh, 'cuz you might be bad
But sure feels good
It sure feels good to me Well if I'm wrong or if I'm right
I don't give a damn tonight
You bring out the beast in me
It might be dirty and it might be bad
But it sure feels
Sure feels
Sure feels good to me
Yeah, sure feels good to me
