

# Hey Babe, Have You Been Cheatin'

Eric Andersen

(Instrumental Intro)

(Chorus)

Hey baby you been cheating  
Whose time have you been keeping  
I'd like to know cause you don't care what I do  
Babe you ain't hiding nothing  
You don't have to talk to tell me something  
I'm on my way  
I'm leaving you  
Though I never wanted to

(Verse 1)

I've been awake all night  
Wondering where you been then you come back home  
You wanna do it again

Can't stand playing your games any more  
So I hope you find what you're looking for

(Chorus)

Hey baby you been cheating  
Whose bed have you been keeping  
I'd like to know cause you don't care what I do  
Babe you ain't hiding nothing  
You don't have to talk to tell me something  
I'm on my way  
I'm leaving you  
Though I never wanted to

(Verse 2)

Can't really tell you honey  
Just seems you're looking funny  
Don't quite know what I'm gonna do  
Gonna start lacing up my highway shoes

(Chorus)

Hey baby you been cheating  
Whose time have you been keeping  
I'd like to know cause you don't care what I do  
Babe you ain't hiding nothing  
You don't have to talk to tell me something  
I'm on my way  
I'm leaving you  
Though I never wanted to

(Instrumental)

(Verse 3)

If by chance you pass me by  
Turn my head baby you know why  
Remember baby how I use to care  
A little bit of loving didn't go nowhere

(Chorus)

Hey baby you been cheating  
Whose time have you been keeping  
I'd like to know cause you don't care what I do  
Babe you ain't hiding nothing  
You don't have to talk to tell me something  
I'm on my way  
I'm leaving you  
Though I never wanted to
