

# Low Light

Andrew Maxwell Morris

In the darkness she may take me  
To where Iâ€™ve never been  
Donâ€™t you know that life can make you,  
Realise all your dreams

Donâ€™t you know that I feel troubled  
Trouble was the only way to talk to you but:

In the low light  
No I cannot see you  
In the darkness youâ€™re my flame.  
In the low light  
No I cannot see you  
In the darkness youâ€™re my flame.

I was searching for the answer,  
In a place I couldnâ€™t find.  
I was reaching for the meaning  
Somewhere deep inside my mind.

In the low light  
No I cannot see you  
In the darkness youâ€™re my flame.  
In the low light  
No I cannot see you  
In the darkness youâ€™re my flame.
