Ride

Groove Theory

Can we go, can we go, can we go, oh, oh?
Can we go, can we go, can we go, oh, oh?
(Yeah)I've been here a long time
Seein' the same kinda things go on
Over and over
What I got on my mind it won't really take too long
So tell me if you're open
(For takin' a ride for an hour or two)
(Ooo)
Make it fast or make it slow
(Baby, that's all that I'm askin' of you)
Break my heart if you say noI wonder can we go for a ride
(With you baby)
(I wanna ride with you baby)
(Go for a ride with you)
I wonder can we go for a ride
(With you baby)
(Go for a ride with you)Meet you in the mornin'
So we can make it last all day
Sunrise till sundown
You just say you're comin'
(Ooo)
I'll bring music for along the way
Cruisin' to the sweet sounds
(Baby, if you don't feel like talking)
Baby, that's all right
(I'll just sit beside you)
And watch the world go by
(Ooo)I wonder can we go for a ride
(With you baby)
Aah, aah
(With you baby)
Yeah, yeah
(Go for a ride with you)
(Ooo)
I wonder can we go for a ride
(With you baby)
(Go for a ride with you)
Hmm, yeah, yeahI need to go, I want to go

(I)
I need to go with you baby
(I)
I need to go, I want to go
(I)
I need to go with you baby
(I)Oh I need to go away, far away, so far away
(Ooo)
(Seein' that I don't have it easy)
I don't live no simple life, no, no
(Tellin' you it's not hard to please me)
You know how to make it right
(And as crazy as it seems)
Come on and help me change my mood
(Baby I know you got the means)
So what do you have to lose
(Ooo)I wonder can we go for a ride
(With you baby)
Aah, aah
(With you baby)
(Go for a ride with you)
Yeah
I wonder can we go for a ride
(With you baby)
Aah
(Go for a ride with you)
Yeah
(Ooo)I wonder can we go for a ride
(With you baby)
Ride
(I wanna ride with you baby)
I wanna take ride with you, my baby
(Ride with you)
I wonder can we go for a ride
(With you baby)
(Go for a ride with you)
(Ooo)
Only with youI wonder can we go for a ride
(With you baby)
(Go for a ride with you)
Hey yeah
(Go for a ride with you)
I wonder can we go for a ride, hey yeah
(With you baby)
(Go for a ride with you)I wonder can we go for a ride

(With you baby)
(I wanna ride with you baby)
Ride, yeah
(Go for a ride with you)
I wonder can we go for a ride
(With you baby)
(Go for a ride with you)
Ooo, heyI wonder can we go for a ride
(Oh baby, aah)
(With you baby)
(I wanna ride with you baby)
(Go for a ride with you)

I wonder can we go for a ride
Ooo, hey yeah
(With you baby)
(Go for a ride with you)
