

# Snake eyes

## Feint

Can't you see?  
Everything  
Is a mess  
When you hide  
All the lies  
That you thought  
You could bury  
You kept rolling snake eyes  
You kept rolling snake eyes  
One too many times  
One too many times  
And all you see are the cards that you can play  
And you thought you'd get away with these games  
And all you see are the cards there in your hand  
And you thought that you have everything planned  
Can't you see?  
Everything  
Is a mess  
When you hide  
All the lies  
That you thought  
You could bury  
You kept rolling snake eyes  
And all you see are the cards that you can play  
And you thought you'd get away with these games  
And all you see are the cards there in your hand  
And you thought that you have everything planned  
You kept rolling snake eyes  
You kept rolling snake eyes  
You kept rolling snake eyes  
You kept rolling snake eyes  
One too many times
