

Something's Happening

Matt Flinders

Something is happening
And it started happening when you walked by-y-y
Something is happening
And it's changing everything, do you know why-y-y

Soon as you started to kiss me
Something new suddenly hit me
The world over it's always happening
The same sort of thing to others too
Something is happening to me
And I only hope the same thing is happening to you

Something is happening
Exiting, bewildering, you must know why-y-y
Something is happening
I can't think of anything but you and I-I-I
What begins, these are the notions
You do things to my emotions
I can't tell whatever is happening
There's nothing about it I can do
Something is happening to me
And I only hope the same thing is happening to you

Ay - ay - ay - ay, ay - ay - ay - ay

Soon as you started to kiss me
Something new suddenly hit me
The world over it's always happening
The same sort of thing to others too
Something is happening to me
And I only hope the same thing is happening to you

Ay - ay - ay - ay, ay - ay - ay - ay

What begins, these are the notions
You do things to my emotions
I can't tell whatever is happening
There's nothing about it I can do
Something is happening to me

And I only hope the same thing is happening to you

Doo-doot, doo-doot, doo-doot-doot, doo-doot
