our love story

KeepFiT

If you donÂ´t mind
Can we pretend
We never met each other

Like the first time
Start again
KeepinÂ´ it under cover

'Cause it feels so good to find it
Feels so good to know
Want to re-live that day all over

Baby, play with me
Play with me
Play with me

Dancin' in my heart
YouÂ´re always there
Like a fire in my heart
The passionÂ´s
Dancin' in my heart
This true romance
ThereÂ´s a fire in my heart

Our love story
Started up in paradise
Our love story
Burning each otherÂ´s eyes

Play it again
By candlelight
the song that will last forever

'Cause it took so long to reach you
Took so long to show
'Til the need could grow no deeper

Girl, I love you so
Love you so

Love you so

Shadows on the wall
The silhouettes kiss

Shadows on the
Shadows on the
Shadows on the wall

Our love story
Started up in paradise
Our love story
Burning in each otherÂ´s eyes

Our love story
Secret that were never told
Our love story
Taken from a heart of gold

Healin'
It's you and I
It's the feelinÂ´
It's the madness
It's the
Thank you
Thank you
Thank you

Our love story
Started up in paradise
Our love story
Burning in each otherÂ´s eyes

Our love story
Secret that were never told
Our love story
Taken form a heart of gold
