Freedom

Clare Maguire

Makes me sit and wonder
How your never bothered
When I say I wanna be free
I was rushing ahead
How could you not see that
Guess you won't miss
what you don't need
I promised with every word
That I would tell you the truth
Maybe it went unheard
You could have told me so
I would've never known
You're not here
You're not here with me
I guess that means I'm free
In and out

I'd rather go without
I can't defend you now
You would have let me down
If you find another
Maybe you'll discover
True love just won't get up and leave
I promised with every word
That I would tell you the truth
Maybe it went unheard
You could of told me so
I would've never known
You're not here
You're not here with me
I guess that means I'm free x3
You're not here
You're not here with me
I guess I'll just run free
