

Falling

Olive

In love, in love
In love, in love Slower than the sun goes down
Softer than the autumn rain
Surer than the Earth is round Gentle as the mornin' breeze
Warm enough to sleep and dream
There is no doubt in my mind I'm fallin'
(In love)
I'm fallin'
(In love) Leaves that are falling around me
Make sense to me, a reality
Leaves that are falling surround me
Make all this seem, a reality Clearer than the mornin' light
Darker than the deepest night
There is no doubt in my mind I'm fallin'
(In love)
I'm fallin'
(In love) Leaves that are falling around me
Make sense to me, a reality
Leaves that are falling surround me
Make all this seem, a reality Leaves that are falling around me
Make sense to me, a reality
Leaves that are falling surround me
Make all this seem, a reality In love, in love
In love, in love Leaves that are falling around me
Make sense to me, a reality
Leaves that are falling surround me
Make all this seem, a reality
