

# You're Not Alone

[Andrew W.K.](#)

Your journey's not over  
It's just begun  
Make your dreams  
Your destiny  
And do what must be done If you're frightened  
If you're worried  
You're not alone  
Hand in hand  
We'll take the step  
Into the great unknown Your journey's not over  
It's just begun  
Make your dreams  
Your destiny  
And do what must be done  
If you're frightened  
If you're worried  
Ou're not alone  
Hand in hand  
We're taking the step  
Into the great unknown
