

In Your Mind

Pentangle

Some like through the morning cloud

(in your mind)

I can see

sparrows wake and shake

from sleep

(in your mind)

beneath the sunOften...

(in your mind)

beneath the sun

there is nor the signal...

(in your mind)

always quietOver there you could be mad

(in your mind)

like a fool

searching for the true and why

(in your mind)

your are lovedWith no one to take your hand

(in your mind)

you are afraid

time to rest and the reason where

(in your mind)

In your mind
