

What You Were

The Drums

They said
You were a mystery
I know
You can't fool me
But i still cave in
I gave you my heart
I cave in
I gave you my heart Well hang on hang on
I know you don't think i know
Well hold on
hold on
But i know but i know but i know I always knew what you were
I always knew what you were You came along
You came along
I got into your car
You came along
I knew I was wrong
I knew I would die But i still cave in
I gave you my heart
I cave in
I knew i would die Well hang on hang on
I know you don't think i know
Well hold on
hold on
But i know but i know but i know I always knew what you were
I always knew what you were
