Frozen Angel

Norther

We were together as one
All that we had can't be undone
Our love fading, now it's gone
Our time fading, so it's done
The blood that binds us
Till death unites usAlone we die
My Frozen angel
Alone we fade away
From this world
Alone you die
My frozen angel
Alone we fade away
From this worldWe were together as one
All that we had can't be undone
Our love fading the feeling is gone
Our time fading, now it's done
Nothing I do, nothing I say
Fade Away
My angel
