

Everywhere

Curren\$y

Yeah, smokin', eh, eh

Everywhere the money go, them bitches gon' follow (Sucka ass nigga thinking its all 'bout you, you a fool)

Everywhere the money go, them bitches gon' follow

Yeah, yeah, yeah Everywhere the money go, them bitches gon' follow

Everywhere the money go, them bitches gon' follow

She only lovin' on the dollars

Everywhere the money go, them bitches gon' follow

Everywhere the money go, them bitches gon' follow

She only lovin' on the dollars Pulled up in the '62 impala, smelling like that California fire

My girl, my smoke, both exotic, my flow is straight dope narcotics

I'm watching all coasts in the Audi, not my shit but a bad bitch driving

Eight seven on the I 10, used to be a mule flying in products in from the islands

Buy a nigga anything he want, two 15's in the trunk homeboy I'm stylin'

Riding by them, fake niggas don't like him

Real ones get inspired

By him, 'cause they know I climbed out the mud and got it

'Cause they know I came out the dirt pileish, hella racks in my pocket Everywhere the money go, them bitches gon' follow

Everywhere the money go, them bitches gon' follow

She only lovin' on the dollars

Everywhere the money go, them bitches gon' follow

Everywhere the money go, them bitches gon' follow

She only lovin' on the dollars

Watch her, everywhere the money go, them bitches gon' follow

Everywhere the money go, them bitches gon' follow

She only lovin' on the dollars

Everywhere the money go, them bitches gon' follow

Everywhere the money go, them bitches gon' follow

She only lovin' on the dollars, watch her

Watch her, she only lovin' on the dollars Baby diggin' in yo pockets, any time you not watching

(Everywhere the money go, them bitches gon' follow)

(Everywhere the money go, them bitches gon' follow)

(Everywhere the money go, them bitches gon' follow)

(Everywhere the money go, them bitches gon' follow)

(Everywhere the money go, them bitches gon' follow) Focused on the cash and not the ass, some my niggas spend and some I stash

When the summer end the furs attack, Minks is full length I let 'em drag

Cross the marble floor, I money dance, ice blocks is piling on my hand

Watch is like the Vegas strip, I made it bitch

Underground, so I understand what its like to feel like being slept on for real
Watching chains face when the money peel, the game is cold woah, stainless steel
Unforgiven, no kidding, straight business making a killing
They want you dead because of how you livin'
Bitches giving you head 'cause the car you driven
You stars my nigga, they straving nigga
It's hard my nigga, let God be with us, we in the trenches stacking riches
Staying two steps ahead of them gold diggers
I was shown by them older niggas thats why I'm colder than ya
I'm a high roller nigga, I swear its like I'm frozen in here
Polar bear chills, ballin' in Rio, too much dope out here to stand still yeah(Yeah)
(Yeah)

(Yeah)Everywhere the money go, them bitches gon' follow
She only lovin' on the dollars
Everywhere the money go, them bitches gon' follow
Everywhere the money go, them bitches gon' follow
She only lovin' on the dollars
Everywhere the money go, them bitches gon' follow
Everywhere the money go, them bitches gon' follow
She only lovin' on the dollars
Everywhere the money go, them bitches gon' follow
Everywhere the money go, them bitches gon' follow
She only lovin' on the dollars, watch her
