

# One Phone Call

## Backstreet Boys

Hard to believe it  
It's almost a year since  
I got to hold you, head on my shoulder  
Dodging the daylight, taking the blame I  
It's all I got left, so lately I've spent Every single night like its 25 to life  
And this sentence I've been living is alone and unforgiven  
And I'm guilty as charged cause I went and broke your heart  
But even I've got rights, you're always gonna be my Always be my one phone call  
All I want, all I need is one phone call  
I'm gonna leave my message at the tone  
Begging pretty baby please come home  
'Cause you're my one  
Always be my one phone call First time it rings  
I can't help but think of the first time I saw you  
That moment I knew  
Holding the phone tight, I hear the tone twice  
If you just pick up, swear I can fix us Every single night feels like 25 to life  
And this sentence I've been living is alone and unforgiven  
And I'm guilty as charged cause I went and broke your heart  
But even I've got rights, your always gonna be my Always be my one phone call  
All I want, all I need is one phone call  
I'm gonna leave my message at the tone  
Begging pretty baby please come home  
'Cause you're my one  
Always be my one phone call So let me make my case  
That way you won't erase the message  
That I'm leaving for you now  
But if you do at least you knew 'Cause you're my one  
Always be my one phone call  
All I want, all I need is one phone call I'm gonna leave my message at the tone  
Begging pretty baby please come home  
'Cause you're my one  
Always be my one phone call You'll always be my one  
You'll always be my one  
'Cause you're my one  
Always be my one phone call  
You'll always be my one phone call
