

# Watch Yourself

**B.B. King**

Yes the people are talkin all over town  
They say you dont love me you gonna put me down  
You better watch yourself baby, you better watch yourself  
You better watch yourself woman, 'cause I got my eyes on you Now you tell me whats the matter, what you  
gonna do  
First you say you love me now you say were through  
You better watch yourself baby, watch yourself  
You better watch yourself woman, 'cause I got my eyes on you I gave you my money, everything too  
A big fat house now baby what you gonna do  
You better watch yourself, you better watch yourself  
You better watch yourself woman, 'cause I got my eyes on you Now youre gonna leave me, leave me here to cry  
Now you know I love you, youre my whole hearts desire  
You better watch yourself baby, you better watch yourself  
You better watch yourself woman, 'cause I got my eyes on you
