

# Mocking Bird

## Mavado

He tells you when, he tells you why  
He tells you wherefore  
What to do, how it's done  
And how to be for him  
It's all about control, it's all about control  
You're his life, you're his strength  
But he's your weakness  
He knows you care, knows you give  
But he couldn't care less  
He fits you to his mold, chipping at you soul  
It tears me up to see the way that he treats you  
To see the way that he brings you down and down  
He's turning you inside out  
It breaks me up to see the way that you take it  
To see the way that he spins you 'round and 'round  
Turning you upside down  
Mocking bird  
Mocking bird  
Afraid to leave, afraid to lose  
Afraid of living  
You turn to him, you turn to me  
But it lies in you  
It's waiting to be found, it's waiting to be found  
So feel your heart, feel your pain  
Feel your anger  
If you fight the fear, find the words  
You'll find the answer  
Like a cat held upside down  
You'll land feet on the ground  
It tears me up to see the way that he treats you  
To see the way that he brings you down and down  
He's turning you inside out  
It breaks me up to see the way that you take it  
To see the way that he spins you 'round and 'round  
Turning you upside down  
Mocking bird  
Mocking bird  
You never know what life may bring  
Trust your spirit, find your wings  
Find your voice and let it sing, let it sing  
It tears me up to see the way that he treats you  
To see the way that he brings you down and down  
He's turning you inside out  
And it breaks me up to see the way that you take it  
To see the way that he spins you 'round and 'round  
Turning you upside down  
Mocking bird  
Mocking bird
