Out of Routine

Idlewild

Out of routine
And the explanations you have
You're still loathe to give themAll because you've praised it in a way
So the explanations you have
The words do go awayIf your heart gets in the way
Of what you wanted to deny
Everything I say is not uncommon
The only thing that's definitely forgotten
Is what you wanted and what you really neededBut I can only try to know what I wanted
I will only try to know what I want
If I can only try to know what I wanted
How can it becomeOut of routine
But it's not as bad as you think
It's only chance you're looking for
Still in routine
And the explanations you have the ideas go betweenIf your heart gets in the way
Of what you wanted to reply
To everything I say is not uncommon
The only thing that's definitely forgotten
Is what you wanted and what you really neededBut I can only try to know what I wanted
I will only try to know what I want
If I can only try to know what I wanted
How can it becomeAnd its already blown
And nothing can take it back
It's already blown
And nothing can take it so keep hold
