

Can't Leave Her Behind

Stephen Malkmus & Lee Ranaldo

(Feat. Lee Ranaldo)Where she leads me I do not know
Well she leads me where she goes
I cant find her it her way
Well she needs me here
All aware I just can't hear her walk
I just can't hear her talk
Though sometimes you know you will.And when she comes my way
I'll just be left any night and day
I will hear her say
That I don't wanna try, I cried
But I cant leave her behind.
