

Obscura

Gorguts

Clouded by the bliss obscura
Covered by the frame of drama Intra limpidus obscura
Limen ex nihilum...Opacitas
Trux omnillustrare...
Ex regnum de exsanguis
Lux absentia, funditus Silenced, fragments of nostalgia
Laments, frailty of the mind Bounded by the abyssal fence
Light cleanses the internal sense Obscure feeling of immensity
Black Opera, unio-mystica Vibrate, filter of emotions
Filtrate, shapeless screen unfold
Reverie, climate of energy
Blackness, centre of whiteness Intra limpidus obscura
Limen ex nihilum...Opacitas
Trux omnillustrare...
Ex regnum de exsanguis
Lux absentia, funditus
