

Perfect Disguise (Bbc Radio 1

Modest Mouse

Well you've got the perfect disguise and you're looking okay
From the bottom of the best to the worst well what can I say
'Cause you cocked your head to shoot me down
And I don't give a damn about you or this town no more
No, but I know the score
Need me to fall down so you can climb up
Some fool-ass ladder. Well, good luck. I hope, hope there's something better up there
'Cause you cocked your head to shoot me down
And I don't give a damn about you or this town no more
No, 'cause I know the score
Broke my back
