Real Bags

No caps gone

Real life

No fake life

Real geng

You know we chase the bag (x2)

Fvck all the cops

The oppos

Came from grass to grace

We came to change the game

Aktheking the goat

Look at the way we style

fuck all the drills and raps

We never tell no lies

They never say the truth

We none they fear their face

Looking so cool

So fresh

Lil snupe pass away

Hardest death

Always say the true  
Never tell know lies  
Real geng Real geng  
Real game changer  
Never pest  
We be stacking for long  
My nigga came a long way  
With the fame over on  
Louisiana  
I Havenâ€™t been there for so long  
Buh Always on my mind  
Everyday and night long  
We be thuggin  
We be thuggin  
  
Come back for the next one
