

# Specialist (Japan and Australia Bonus Tracks)

## Interpol

You make me lose my buttons oh yeah you make me spit  
I don't like my clothes anymore  
We're spending time and money yeah you're colder than yourself  
Now we're moving now we're taking control You make me lose my buttons oh yeah you make me spit  
I don't like my clothes anymore  
You take me to New Orleans where you put me to the test  
I know what my heart is for You reach out for blanket I say girl you've got something  
I love how you wear it  
Now we're spending time and money yeah you're colder than yourself  
Now we're moving now we're taking control Love will get you down My love's a laboratory  
I set all my pets free  
So baby you should sleep with me I make trips to the bathroom  
Yeah my friends all have true grit  
I am speckled like a leopard Put a lid on Shirley Temple  
Yeah you make sleek kills  
Yeah you travel you travel  
You park me in your buick  
You sing songs into my lips  
Well I am speckled like a leopard  
Just like a leopard Trust will get you down  
I love the way  
You put me in the big house  
I love the way  
You put me in the big house If I get there early will it be the right time  
Our heaven is just waiting so put your hand into mine  
If I get too surly will you take that in stride  
Our boat is just there waiting so put your little hand in mine And speak when you're spoken of  
Catch up on your sleep girl  
When you wear that body glove  
You're acting on initiative  
And you're spelling out your love  
You shouldn't be alone in there  
You could be above ground All I want is to be the very best for you  
All I want is to be the very best for you Oh this time  
There'll be no life of crime  
Don't rain on me tonight Circle around me now baby it'll be ok  
Cause we all go downtown sometimes  
Somehow baby we'll beat this mess  
It's the time fuck the surface to meet the specialist Time away from me

Will get you down  
I love the way you put me in the big house  
I love the way you put me in the big house If I get there early will it be the right time  
Our heaven is just waiting is just waiting  
So put your hand into mine  
If I get too surly will you take that in stride  
Our boat is just there waiting  
So put your little hand in mine And speak when you're spoken of  
Catch up on your sleep  
When you wear that body clock  
You're acting on initiative  
And you're spelling out your love  
You shouldn't be alone in there  
You could be above ground If you're frustrated then go  
If you're frustrated then go Honey bee, we should be through with this,  
Your packaged eyes, your vicious lips  
You could be young, but you're out of touch  
If this loves been done, then what's your rush? I'm a specialist in hope and I'm registered to vote  
Why don't you come into my barrio  
We'll see if you can float  
I'm a specialist in hope and I'm registered to vote  
Why don't you come into my barrio  
We'll see if you can float
